## DATA CONSENTS

**Please tick one box in each section below.** You can change your mind about any of these consents at any time, just speak to a youth worker or get in touch via the websites. We will only keep your information until your 26th birthday (you are then no longer considered a young person and will no longer be able to use youth services).

### General Data Consent

I am happy for Isledon Arts to process my data so it knows who is accessing the services and can get in contact about general youth work issues and in emergencies.

Yes  No

For Isledon Arts full Privacy Policy see the hub websites. In short, the information you have provided will be used to

- Identify the young people who are using our services and how often you come. This will help us make improvements, access funding and better target resources.
- Identify any medical conditions and be able to contact a parent or guardian in an emergency.
- Contact you for reasons such as appointment reminders, responding to personal support requests, job opportunities, lost property and other day-to-day youth work issues.

### Sharing with Islington Council Consent

I am happy for Isledon Arts to share my information with Islington Council to help it improve services for children and young people in the area.

Yes  No

We would like to share your information with Islington Council so they can use it to help improve overall services to children and young people in the area. They own and fund the youth hubs and would like to ensure that lots of young Islington residents are making regular use of them. The council also has a safeguarding duty under the Children's Act and the data will be input into Integrated Youth Services Database. You will not receive emails or SMS messages from the council.

### Marketing Consent

I am happy to be sent information about special events, projects, programme changes, job opportunities and new services at the hubs.

Yes  No

We would like to get in touch with you occasionally by email, SMS or MMS to let you know about special events, projects, programme changes, job opportunities and new services that might be of interest to you.

### Photography Consent

I am happy for my photo to be taken and used in social media, filming and publicity relating to Lift, Platform and Rose Bowl youth hubs without further written permission requested\*.

Yes  No

We take photos and make videos for use in social, digital and print media especially during special events and performances. This helps us promote the services to other young people. We always ask if you want to be included and give you the opportunity to not be in the photos. By giving this photo consent you will avoid being asked to fill in further forms for each occasion.

\*If you are under 16 we will also ask for parental consent.

### Sharing with other youth providers in London

I am happy for Isledon Arts to share my information with other youth providers in London who are using the I'm Here digital tool.

Yes  No

Isledon Arts run Lift, Platform and Rose Bowl youth hubs. When you give your information to one of these it will automatically be accessed by the other two hubs as we all use the same database. It is also possible for us to share your information with other local youth providers if they are using a digital tool called I'm Here. This means that if you tell us a change in your information, for example a new mobile phone number, then you will not need to tell every provider. It could also make it easier to sign up to different services more quickly and easily. The list of participating providers is detailed in the Privacy Policy on our websites and they will all use your information safely and within the law.
